Thank you for choosing the MN School of Cosmetology for your hair, skin, and nail services. It is an honor to have you as a guest at our school.

Our students appreciate the opportunity to perfect their skills through practice by performing these services for you.

Our policy is not to give refunds for services, but rather to have students fix any errors within seven days from original service date. These are learning opportunities for the students.

Our licensed cosmetology instructors supervise students' work and offer suggestions and instructions that enhance services and delivery of services, including timing and quality.

Your questions and comments are always welcome.

### Frequently Asked Questions

**Is tipping required?** Absolutely not. If you choose to, many customers tip 15-20% of their service. Students welcome your appreciation.

**Can you request a student?** We do allow customers to request a specific student, but we cannot guarantee it. We prefer that you give as many students as possible the opportunity to perform your services. Working on customers with different hair, skin, nail, and style preferences is necessary for a student to become an experienced cosmetologist. For an additional \$5 you may request an advanced student.

*All work performed by students under the supervision of licensed instructors.*
